Boards and Modules Systems and Platforms Industrial Panel PCs

Overview

About Axiomtek

Innovations for the embedded world

For over 25 years, Axiomtek has been among the major design and manufacturing companies in the field of industrial computers & embedded systems. Since its establishment, Axiomtek has successfully gained worldwide recognition for our innovative designs and outstanding customer satisfaction. As a valuable & reliable industrial manufacturer, Axiomtek is devoted to producing state-of-the-art solutions that support users in achieving success. Axiomtek takes pride and ownership in what we do through our commitment to excellence.

Vision

To bring smart, innovative and sustainable embedded solutions to our connected world

Mission

Designs and manufactures embedded solutions for mission critical applications allowing our customers to bring superior products to their vertical markets

Value Systems

Passion: We are passionate about our vision, our goals and our commitment to serve our employees and customers.

Integrity: We earn your trust through honest and ethical business practice.

Innovation: Our focus is on developing new products using the most advanced technologies and customer-based experiences.

Partnership: We commit to long-term mutual success with customers, employees and stakeholders.

Leadership: Our goal is always to be the leader in our targeted markets.

Diversity: We strive to diversify our products and services to serve specific industry needs.

Table of **Contents**

Boards and Modules

- 8 System on Modules
- 11 3.5" Capa Boards
- 13 Pico-ITX SBCs
- 15 Mini-ITX Motherboards
- 16 ATX Motherboards
- 17 Micro ATX Motherboards
- 18 PICMG 1.3 Full-size System Host Board

Systems and Platforms

- 19 Embedded Systems
- 24 Transportation Embedded Systems
- 26 x86-based DIN-rail Embedded Systems
- 28 ARM-based DIN-rail Embedded Systems
- 30 Digital Signage Solutions
- 33 Embedded MicroBoxes
- 34 Industrial Barebone Systems
- 36 Industrial Chassis
- 37 Backplanes
- 39 Peripherals & Accessories

Network Appliances

- 41 SOHO Network Appliances
- 43 SMB Network Appliances

Industrial Panel PCs

- 45 Fanless Touch Panel Computers
- 47 Heavy-duty Fanless Touch Panel Computers
- 51 Vehical Mount Terminal Computer
- 52 Stainless Touch Panel Computers
- 54 Transportation Touch Panel Computers & Displays
- 55 Industrial Touch Panel Computers
- 57 Industrial Touch Monitors
- 59 Medical Panel Computers
- 61 Open Frame Panel Computer

Product Design

Single Board Computers

- Leading technology and comprehensive form factors
- Fast design-in services, time-to-market
- Custom BIOS services and flexible I/O modules supported
- Wide range temperature design capability for heavy-duty applications
- Quick turnaround time for ID/ME and working sample design

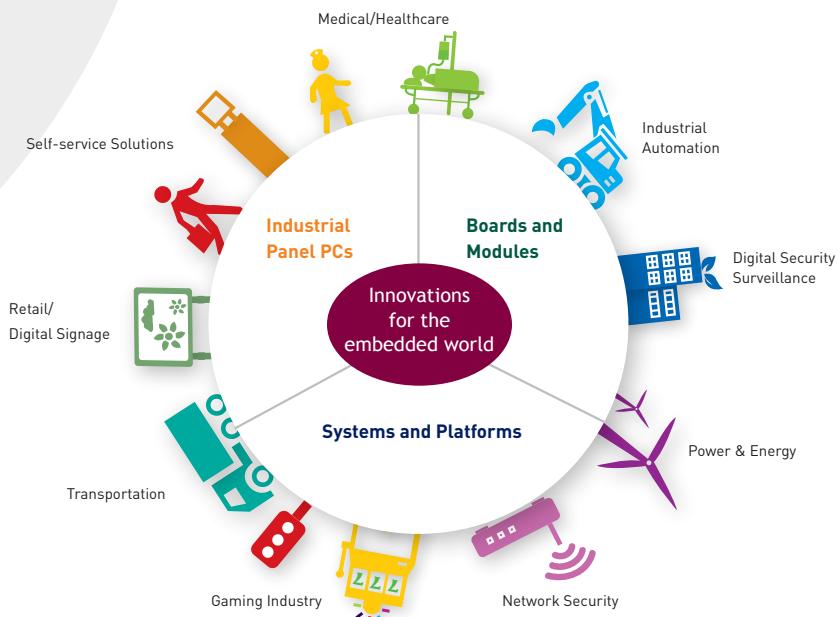

Systems & Platforms

- Heavy-duty design capabilities: extended temperature, fanless operation, anti-dust/water, anti-vibration, EMS and ESD
- Professional certified compliance and industrial standards
- Embedded OS and API capabilities to value-added custom systems

- IEC 61850/IEEE 1613 certificate for power grid and substations
- EN 50155/EN 50121-4/EN 45545 certificate for rolling-stock and railway management
- E-Mark and ISO 7637 for in-vehicle applications
- IEC 60945/DNV 2.4 certificate for marine
- EtherCAT master controller for factory automation
- Smart remote management solution for IIoT (AXView)

Touch Panel Computers

- Design for human machine interface, medical, kiosk, etc.
- EN 50155/EN 50121-4 certificate for rolling-stock and railway management
- Value-added systems with remote and local diagnostic functions
- Peripherals integration for medical, kiosk, POS and security applications
- Specific environmental design capability with certification upon request

Product Lines

Providing over 400 products through product lines of Industrial PCs (IPCs), Single Board Computers (SBCs), System on Modules (SoMs), Fanless and Rugged Embedded Systems (eBOX and rBOX), Intelligent Transportation Systems (tBOX), Touch Panel Computers (TPCs), Medical Panel Computers (MPCs), Human Machine Interfaces (HMIs), Digital Signage Solutions (DSSs), Industrial IoT Gateway, EtherCAT Master Controllers and Network Appliances (NAs), Axiomtek products are widely used in industrial automation, smart energy, transportation, kiosk, gaming, smart retail, healthcare, network infrastructure, and more.

Embedded Boards & System on Modules

From System on Modules, embedded single board computers, industrial motherboards to slot CPU cards, Axiomtek provides a comprehensive range of board solutions with full computing architectures including x86 processors and ARM-based processors. Axiomtek can satisfy your various embedded application needs.

Systems and Platforms

Axiomtek provides an extensive line of industrial & embedded computers, including embedded eBOX & tBOX systems, MicroBoxes, embedded field controllers, industrial barebone systems, industrial chassis, industrial workstations, backplanes, among many other peripherals/accessories. The configured and fanless embedded eBOX series delivers high reliability, extended temperature and noiseless operation for harsh environments. The tBOX series is especially designed for transportation applications such as vehicle, railway and marine markets. Its stability and reliability has earned an ISO 7637 and E-Mark certificates for vehicle applications, EN 50121 & EN 50155 certificates for railway applications and DNV 2.4, EN 45545-2 and IEC 60945 standards for marine market. The rBOX and ICO series constitute fanless embedded field controller solutions, specifically designed for intelligent computing and communication applications in smart energy and automation industries. Our digital signage platforms are compliant with various types of displays as well as suitable for different applications. To satisfy the demand for industrial applications, the industrial barebone system is designed for ATX industrial motherboard system markets, offering high level of reliability and performance. A wide range of PICMG 1.3/1.0 backplanes provide not only the highest compatibility with their power supply units unit but also the best extension slot selection. Our stable and reliable network appliance platforms boast of a lower total cost of ownership (TCO) and can be widely applied in VPN gateways, load balancing, network bandwidth management, SSL, firewalls, IDS/IPS, and many more.

Industrial Panel PCs

Axiomtek has incorporated valuable features and latest technology into its touch panel computers to cater to today's competitive market. The GOT5000 series is equipped with an ultra slim ID, super light and fanless features for small-size infotainment applications. To resist severe conditions, the GOT800 adopts a sunlight readable LCD and IP66-rated water/dustproof design ideal for outdoor use in dusty or wet spaces. The GOT700 is an EN 50155 certified touch panel computer solution with alternative keypad and high brightness LCD for rolling stock. The GOT3000, P1000 and P6000 series come with robust functions for industrial automation fields. Ideal for medical/healthcare applications, the MPC series are slim medical grade computers/monitors featuring low-noise operation, power saving, reliability and IPX1 water-proof design. The FDK series constitutes open frame panel computers with outstanding configuration flexibility for indoor kiosk, HMI automation and more!

Strength and Services

Global Support

Axiomtek maintains a global network of international subsidiaries and distributors in more than 40 countries. To maximize service efficiency, Axiomtek employs an international service network. Our worldwide technical support and sales service among our 16 office locations located in Taiwan, North America, Europe, China, Malaysia, Thailand and recently expanded to Japan ensures we deliver dedicated and prompt services. Through our global network of international subsidiaries, customers obtain faster services and the most competitive pricing. Each project is fully supported by a group of experienced engineers, mechanical engineers, field application engineers, and sales coordinators from our worldwide offices. From concept to design, Axiomtek provides a comprehensive set of services to help you shorten your product development cycle and speed up your "Time to Market" gaining a competitive advantage. It has never been this easy to develop a project! With years of experience and knowledge, Axiomtek is your best partner for industry applications.

Technical Support

Outstanding technical support is important to Axiomtek, therefore we have organized our customer service department into a team of technical support professionals from our headquarters as well as team members from global regions, providing real-time technical support and professional knowledge.

Partnership

As an Intel®, Microsoft® and AMD partner, Axiomtek has ample awareness of market trends and can rapidly develop advanced applications that enhance the competitiveness of our customers.

Manufacturing Capacity

Over 8,000 square meters of factory space, along with the latest manufacturing equipment gives us the capacity to fully serve OEM/ODM businesses and while achieving high quality prompt deliveries at low cost. Our manufacturing site is equipped with the most advanced SMT assembly lines and optical inspection systems utilizing the lead-free technology. Being ISO 9001, ISO 14001, ISO 13485 and UL certified factory has also been engaged in manufacturing high density single-sided, double-sided, and multi-layer boards (up to 12 layers). With manufacturing facility and logistic centers in Taiwan, USA and China, Axiomtek is well positioned to meet the demanding business needs so as to ensure business success of Solution Integrators anywhere and anytime.

Vertical Market Focus

Axiomtek's products are widely used in vertical markets such as gaming, automation, transportation, self-service, networking security, healthcare, digital video surveillance, power utility and digital signage applications. Axiomtek provides complete Embedded Board & SoMs, Industrial & Embedded Computers, Touch Panel Computers and all competitively priced solutions offered to system integrators, distributors, VAR's, and resellers. Axiomtek will also continue to emphasize the value of our selling partners and customers, and will maintain strong vertical market knowledge to develop and provide more efficient OEM/ODM programs.

eRMA Service

Axiomtek's online eRMA service allows customers to access the most up-to-date information on repairs and also print test reports directly. All RMA tracking information is also conveniently available to view online.

Software Service

To optimize system resources in demand, TCO [Total Cost of Ownership], system reliability and design of TTM (Time-to-Market), Axiomtek has established the embedded OS service force since 1999. Based on a platform concept, we combine two elements, a hardware SBC body and an embedded OS soul both constituting what we believe a perfect match for many application target applications.

Quality Assurance

Axiomtek is an ISO 9001, ISO 14001, ISO 13485 (for medical panel computers/monitors only) and TÜV certified company. We maintain stringent quality standards in our manufacturing processes, ensuring products go through rigorous quality checks at every stage of its production cycle. As a global citizen, Axiomtek is committed to providing green products that are compliant with WEEE and RoHS regulations.

Global Website

www.axiomtek.com

Axiomtek's multi-language website is designed using the latest Responsive Web Design technology (RWD) with rich, valuable, interactive information. Through our multi-language website you can access a wide variety of resources such as products, solutions, press releases, articles, eCatalogs, videos, downloads and more! Major sections of the Axiomtek multi-language website are as follow:

Multi-languages

Visitors can select from a wide selection of languages including, English, German, French, Italian, Japanese, Traditional Chinese and Simplified Chinese.

Solutions

Here, you can refer to any vertical market in which your product offering is applicable. Configuration diagrams show how Axiomtek's products can be implemented into specific applications, and help customers build a successful solutions.

Supports

Axiomtek is devoted to providing the best customer services possible. Customers can obtain real-time update information such as manuals, drivers, VGA/LCD BIOS support lists and a FAQ database thru our eService. Axiomtek's creative eRMA online service offers a non-stop RMA service. Customers can access eRMA service, obtaining the most update information on repair and print test reports directly.

Partner Zone

This page is exclusively provided for Axiomtek sales representatives, channel partners and distributors. Here you can find the latest marketing information and collateral such as datasheets, brochures, press releases, product images, as well as product and company presentations.

Mobile Website

Axiomtek mobile site is designed to provide a better reading experience, with a focus on simplicity. You will be presented with a clear view of products, news, and solutions with minimal distraction. You can access Axiomtek mobile site by entering www.axiomtek.com into your mobile device browser.

Various Products

Axiomtek offers Embedded Boards & SoMs, Industrial & Embedded Computers, Network Appliances, signage and Touch Panel Computers. Customers can view product photos, features and ordering information and download complete product datasheets.

eCatalogs & Videos

Here, you can find our environmentally-friendly paperless online catalogs and videos for additional product information.

Social Links

Axiomtek social media links can keep you up-to-date on product information, solutions, news and events. Axiomtek is devoted to providing various platforms to let people get information faster and easier. Search "Axiomtek" at any of social links to visit us and be sure to bookmark them and check back often!

eNewsletters

To provide customers with real time news from Axiomtek, customers can sign up our eNewsletters by visiting our eNews page directly for the latest product news, service updates, event invitations, and more!

Peripherals & Accessories

AX7042

1U Keyboard Drawer with Touch Pad

- 19" rackmount drawer meets the EIA RS-310C standard
- Integrated keyboard and designed touch pad for easy of operation
- Compact and slim size design with 119-key layout
- High quality rubber-membrane key switch
- Drawer standard color: beige or black
- Keyboard standard color: black (English only)
- Rugged slide rail and USB cable for keyboard and touch pad

AX7300T

5.25" Multiple Drives with USB, K/B and M/S Ports

Accessories

59386831020E

SATA2 HDD lockable cable, 180D to 180D, L: 500 mm

59461560040E

SATA2 HDD lockable cable, 90D to 180D, L: 650 mm

593836A0030E

4-pin power cable to SATA x 2 L=150 m (RC)

5938A808010E

2-port USB cable (190 mm)

59383600000E

Audio cable

59380000290E

PS/2 keyboard & mouse cable with bracket

Vehicle Mount Terminal Computer

Features	Models
CPU Level	Intel® Atom® E3845 1.91 GHz (Bay Trail)
Chipset	SoC integrated
System Memory	DDR3 4GB (default) or 8GB memory onboard
Display	10.4" XGA TFT LCD, 500 nits
I/O	1 x RJ-45 for GbE LAN with isolated 1.5kV 4 x USB port type A connector 1 x Serial port RS-232/422/485 with isolated 1.5kV D-sub 9 male 1 x DC for power input with isolated 1.5kV Phoenix 3.81 mm terminal 1 x Audio: Line-out, Mic-in, 3.5 mm phone jack 1 x DIO (6-in/2-out) with isolated 1.5kV Phoenix type 1 x CAN bus with isolated 1.5kV D-sub 9 male 3 x Internal Antenna (SMA) 1 x SIM socket
Storage	16GB flash onboard 1 x mSATA
Expansion Interface	2 x full-size PCI Express Mini Card slot
Touchscreen	5-wire resistive touch or projected capacitive Touch
Operating System	Windows® 7, WES7 Windows® 8/8.1, WE8S Windows® 10, Windows® 10 IoT
Power Supply	9 ~ 36V DC or 18 ~ 60V DC
Power Consumption	44.5W
Watchdog Timer	255 levels, 1 ~ 255 sec
Front Bezel	Aluminum with rugged protection
Dimensions (W x D x H)	382 x 185 x 427 mm (15.04" X 7.28" X 16.81")
Weight (net/gross)	TBC
Operating Temperature	-30°C ~ +55°C (-22°F ~ +131°F)
Wide Temperature	Yes
Certificate	CE, EN 60721-3-5

Open Frame Panel Computer

Features\Models	FDK152
CPU Level	Intel® Celeron® processor N3350, 2C @ 1.1 GHz, TDP 6W (default) Intel® Pentium® processor N4200, 4C @ 1.1 GHz, TDP 6W
LCD Panel	15" XGA TFT LCD, 450 nits
Chipset	SoC integrated
System Memory	1 x SO-DIMM 204-pin DDR3L up to 8 GB
CPU FSB Frequency	1.1 GHz
I/O	1 x RS-232/422/485 1 x RS-232 2 x 10/100/1000 Mbps Ethernet 4 x USB 3.0 1 x screw type connector for power 1 x power button (ATX) 1 x remote power switch 1 x Line-out 1 x ATX/AT selectable switch 1 x HDMI
Storage	1 x 2.5" SATA HDD 1 x mSATA
FDD	N/A
CD-ROM	N/A
Expansion	2 x PCI Express Mini Card slot
Touchscreen	5-wire resistive type (optional)
Operating System	Windows® 10 (64-bit)
Power Supply	100 ~ 240V AC, 60W power adapter or adapter cable for 24V DC
Power Consumption	TBC
Watchdog Timer	255 levels, 0 ~ 255 sec.
Dimensions (W x D x H)	TBC
Weight (net/gross)	TBC
Operating Temperature	0°C ~ +50°C (+32°F ~ +122°F)
Certificate	CE

Axiomtek maintains a global network of international subsidiaries and distributors representing the Axiomtek brand in more than 40 countries.

Prompt Worldwide Service

To maximize service efficiency, Axiomtek employs an international service network, providing worldwide technical support and sales service among the 13 offices located in Taiwan, America, Europe, Japan and China ensure prompt service to customers.

Axiomtek has successfully assisted several prestigious business with their customized project execution. Flexibility is a feature of Axiomtek's design-in services, capable of providing customers with any needed customized service.
