Magnetic Contact

1

2

- 1 Magnetic
- 2 Relay

Product Info :

A magnetic contact, is a fundamental component of security systems used to monitor the status of doors and windows. Comprising two parts—a magnet and a sensor—it operates by detecting changes in magnetic fields. When the door or window is closed, the magnet aligns with the sensor, creating a closed circuit. However, when the door or window is opened, the magnet moves away from the sensor, breaking the circuit and triggering an alarm or alert.

Properties

Connections:	1m 4 core
Red Switches:	1
Pull-in gap :	10-20mm
Material:	Polystyrene
Dimensions:	34 x 14 x 8
Contact Form:	SPST form A
Voltage Range:	1-50vDC
Switching Current:	500mA
Contact Material:	Rhodium
Colors:	White
